LUXORliving T2

Item no.: 4800402

Smart Home
Binäreingänge

Description

- 2-way binary input sensor interface LUXORliving
- 4-pole cable connection
- Can be installed in flush-mounted sockets with conventional sensors / switches
- Software functions: Switch / push-button, dimming, blinds
- Colour coding of wiring pairs

Technical data

	LUXORliving T2
Operating voltage KNX	Bus voltage, ≤10 mA
Installation type	in flush-mounted socket
Number of inputs	2
Max. cable length	30 m
Length connecting wires	25 cm

	LUXORliving T2
Contact current	0.5 mA
Type of protection	IP 20
Protection class	III

Connection example
