

ESSG battery-powered hydraulic safety cutting unit to max. 105 mm dia.

## Description

- > Safety cutter for cutting live Cu/Al cables without steel armoring which, in case of a failure, may carry voltages of up to 60 kV
- > Single-core lives cables without steel armoring can be cut under voltage of up to 110 kV/60 Hz
- > Powerful 3.3 Ah Li-Ion battery

## Characteristics

- > 2-stage hydraulic system with fast feed and power stroke
- > Electronic control
- > Multifunction LED for maintenance display and charge status display of the battery
- > LED display for service interval after 250 cuts
- > The cutting head is supplied with a safety hydraulic hose (10 m)
