Strap clamp for the earthing strap PP36

# Strap clamp

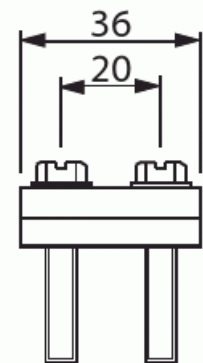

Strap clamp for the earthing strap PP36

**Type:** AM2

**GTIN:** 6410050260950

The earthing conductors, max. 35 mm<sup>2</sup> Cu, are connected to the various pipework using an earthing strap PP36 with a strap clamp AM2 and terminal AM3. In case a 50 mm<sup>2</sup> or 70 mm<sup>2</sup> Cu-conductor is connected to the earthing block, both ends of the earthing strap must be pressed together with the terminal to get sufficient conductivity. The terminal and the strap clamp are of zinc-plated and yellow passivated steel. The 6 mm screws are tightened with a 10 mm wrench. The earthing strap is made of tinned annealed copper 1,5 mm thick.

## Technical specification

### General Information

Product ID: 2TKA110002G1

### Packing

Package: 20/100

Unit: PCS

### ETIM Data

Material: Steel
